The Eagle

The Roxx

Lord knows I am peaceful when I'm left alone
I've always been an Eagle, been awhile since I have flown
My claws are sharp as ever, so's my Eagle eye
Something's going to go to ground when the eagle fliesLately I've heard rumors that the Eagle may be lame
Just because I've been idle, don't mean that I'm tame
You've jeopardized my freedom, my natural place to roost
I can fly when I have to, if they turn the Eagle looseSo lay all your doubts aside when you go to bed tonight
My feathers are all ruffled now, I'm ready for a fight
Just because I took awhile to fly that don't mean I don't care
When you feel the shadow crossing, the Eagle's in the airSo lay all your doubts aside when you go to bed tonight
My feathers are all ruffled now, I'm ready for a fight
Just because I took awhile to fly that don't mean I don't care
When you feel the shadow crossing, the Eagle's in the air
When you feel the shadow crossing, the Eagle's in the air
