## **Above**

## Nuera

Inside I'm gone, you knew that all, all along
Without the distance you never get away
Plastic bag image, it's over now, it's over now
The color fading is all the way to grayWe are strong but we're dumb
We look above, we look above
We are strong but we're dumb

We look above, we look aboveTrusting, the instinct, it's not about what you think

The one reaction is only to obey

And now I'm staring, all around, I'm not far down Judge the distance from the ground and prayWe are strong but we're dumb

We look above, we look above We are strong but we're dumb

We look above, we look aboveWe are strong but we're dumb

We look above, we look above

We are strong but we're dumb

We look above, we look aboveWe are strong but we're dumb

We look above, we look above

We are strong but we're dumb

We look above, we look aboveWe look above, yeah yeah yeah We look above, we look above, yeah yeah yeah
