

# Hallelujah Jesus Is Alive

[Daniel Crews](#)

Jesus come to show us love  
God in the flesh sent from above  
He heal the sick  
And make the blind to see  
Set chain released the captives free  
He work with the people meek and low  
Grace and mercy he hide be restored  
He claim that debit with blood stained the ground  
God's only zoe that send down  
Ooooh  
He is here for us all  
He was beating bruised and tore  
Shared His own blood for those who scorn  
Crown with our sin  
And pierced with shear  
Crowed at his words  
And cursed His name  
His Holy name  
His life was badly hide in the grave  
Had made the men watch for three days  
But He rose in victory  
He is alive, yes risen indeed  
Hallelujah  
Jesus is alive, Christ has set me free  
Through His blood that I believe in  
He restore the hope and bride  
Jesus rose so I could rise  
Hallelujah Jesus is alive  
Hallelujah I will praise risen lamb  
Hallelujah I will praise great I am  
Hallelujah and from every nation tongues and tribe  
Hallelujah Jesus is alive.
