Heaven In Black

Black Sabbath

Rising with the sun, the work has been done
But people are starting to stare
Called from afar to the court of the Czar
Could it be something is wrong?
You stand face to face and your heart gathers pace
For the answer to a question a prize
If only you had known to be honest was wrong
For the work that you've done you, it will pay with your eyes
Don?t be afraid to an [Incomprehensible]
Into the black where the night never ends
And the light leaves a scar on your soul
Where your heart used to hold your love here
Heaven in black
Inside there's a voice saying was there a choice?
You'd still be entombed in the night

Lucifer's to blame, the reason for the flame
They've taken your sight but they'll not take your God
Don?t be afraid to an [Incomprehensible]
Into the black where the night never ends
And the light leaves a scar on your soul
Where your heart used to hold your love here
Heaven in black
Into the black where the night never ends
And the light leaves a scar on your soul
Where your heart used to hold your love here
Into the black where the night never ends
And the light leaves a scar on your soul
Where your heart used to hold your love here
Heaven in black
