The Deepest

Tiffany Gouche

All I know is
if you walk by one more time
Imma have to say something
Cause you just too damn fly right now

And I get closer, to you babe
And let you just know how I feel
One thing is for certain
You just say the word
And I promise Ill be here

Cause your love is the sweet, sweet, sweetest
When I'm around you I'm the weak, weak, weakest
Want to love you the deep, deep, deepest
Deep, deep, Deep, deep, deep, Deeper (x2)

Baby, won't you let me, open (your heart)
Look in your eyes
Swear I feel like I'm closer to heaven
Everytime you smile I just lose control
Cause you got too much, tuh
And I never want to let it go
It's very plain to see (that I want you)
So what do I got to do (cause I need you right here)
Oh woah wha
And I'm standing right here waiting

Cause your love is the sweet, sweet, sweetest
When I'm around you I'm the weak, weak, weakest
Want to love you the deep, deep, deepest
Deep, deep, Deep, deep, deep, Deeper (x2)
