Watch it Burn

Unearth

No longer on your side, No longer within your prison
No longer here to speak with a positive spin on societySo sick of your politics, so sick of your fading religions
So sick of the endless lies that ignite and divide; it's homicideThis is the reason your walls are coming downDid you even hear a word I said? Torch it all; torch it all
Did you even hear a word I said? Watch it burnThe writing's on the wall
Watch it burnSo tired of your ignorance, so tired of your passing trends
So tired of your predictive script, you're all dead inside
So tired of your predictive script, you're all dead insideIt was supposed to be better than this
Can you imagine why?
The path of no return has killed all reason to believeA paradox in the vow you've taken. Engulfed in your own world
The tried and true are now unspoken. God save you allDid you even hear a word I said? Torch it all; torch it all
Did you even hear a word I said? Watch it burnThe writing's on the wall. The writing's on the wall. Watch it burnCan you imagine why?
The writing's on the wall
We're all paralyzed
Ours has diedParalyzed
Hope has died.
Paralyzed
Our hope has died
Our hope has died.
Our hope has died
Our hope has died
Our hope has died
Our hope has died
Our hope is deadBurn your eyes on our setting sun,
Burn out your eyes
