Mexican Moon

DFX2

Oh, amigo
Here we do things slow
Money, art, a broken heart
Where did you want to go?Senor, por favor
To the hotel Zona Rosa
What did I come here for?Oh senor, I run
But the damage has been done
Miles have gone away
And my amore, he never comeI look up at the sky
I am tired and dry
Uno tecate and limeThinking of you
Underneath the Mexican moonlight
Thinking of you
Underneath the Mexican moonSenor, you are wise
I can see a million years
A million tears behind your eyesTake me home
Take me to the Zona Rosa
Mariachis and tequila
I will dance the night aloneJust some time
Just a little kiss of mine
Take me where I can forget
Senor, you are so very kindI look up at the sky
I am tired and dry
Dos tecate and limeThinking of you
Underneath the Mexican moonlight
Thinking of you
Underneath the Mexican moonThinking of you
Underneath the Mexican moonlight
Thinking of you
Underneath the Mexican moonI look up at the sky
I will try not to cry
Tres tecate and limeThinking of you
Underneath the Mexican moonlight
Thinking of you
Underneath the Mexican moonThinking of you
Underneath the Mexican moonlight
Thinking of you
Underneath the Mexican moonThinking of you
Underneath the Mexican moonlight

Thinking of you
Underneath the Mexican moon
