

El Diablo en el Ojo

Tindersticks

I wouldn't shut your eyes just yet
I wouldn't turn the lights down yet
'Cause there's things you've gotta see here
There's things you've gotta believe of me I wouldn't turn the sound down yet
Don't even touch the dials, not yet
'Cause there's things you've gotta hear here
There's things you've gotta believe of me I wouldn't say a word just yet
Don't even open your mouth, not yet
'Cause there's things I've gotta say here
There's things you wanna hear from me
