

# Broken Bones

## Aqualung

Picking up broken words  
Snipping the tips off  
Grinding down the long ones  
That wind around your eardrums Dangerous plastic words  
For crowd dispersal  
And dumb dumb words  
That could blow your head off This is a story 'bout the three of us  
Down by the water and the tide is rising  
This world is burning and I'm terrified  
I need a little more time with you  
Oh, I just need a little more time with you One fine day you'll sing  
Your inevitable love song  
Inevitable lie song  
Inevitable cry song Time bends broken bones  
Time bends broken bones  
'Til they wrap around your throat  
And snap around your fingers This is a story 'bout the three of us  
Down by the water and the tide is rising  
This world is burning and I'm terrified  
I need a little more time with you Down by the water and the tide is rising  
This world is burning and I'm terrified  
I need a little more time with you  
Oh, I just need a little more time with you  
Oh, please just need a little more time with you
