Via Negativa

Mytra

The arrogance of angels, the heresy of Christ
The stupidity of humanity, the skeletons of society
It's time to separate the saints from the sinners
Judgment day is coming, evacuate then renovateDecades of decadence and aeons of evil
(Decades of decadence and aeons of evil)
Worldwide terror in the shape of a shining star
(Worldwide terror in the shape of a shining star)From the center of damnation to the outskirts of hell
(From the center of damnation to the outskirts of hell)
Redemption only comes with a pair of numbered wingsProclaimed by a thousand prophets, believed by a million fools
But the day will come when everything falls apart
All it takes is a single act of animal desperation
And what if all the things that we believed in were trueDecades of decadence and aeons of evil
(Decades of decadence and aeons of evil)
Worldwide terror in the shape of a shining star
(Worldwide terror in the shape of a shining star)From the center of damnation to the outskirts of hell
(From the center of damnation to the outskirts of hell)
Redemption only comes with a pair of numbered wingsIn our quest for miracles
We started a war of genitals
Disguised as the bearers of justice
We took your fears a made you a GodWhy are you afraid of something you're not even sure exists?
I am the maze of God, I am the true face of fraud
Embrace the pain and I will lead you to another heaven
For who are you to believe in another paradise than mine?The Infant Prodigy, The Bearer of Light
Without me you would be nothing, nothing at all
The beginning and the end are the same, the circle never ends
And the more things change, the more they stay the sameDecades of decadence and aeons of evil
(Decades of decadence and aeons of evil)
Worldwide terror in the shape of a shining star
(Worldwide terror in the shape of a shining star)From the center of damnation to the outskirts of hell
(From the center of damnation to the outskirts of hell)
Redemption only comes with a pair of numbered wings
