Sound Of Silence

Capsule

Well, I think I have said it all before
And I think it sounds like such a bore
And I think I have said this somewhere else before
And I don't want to talk anymoreDon't want to talk about it
I said, I just don't want to talk about it
Well, it is tough I have had enough
I don't want to talk about it, yeahAnd I think I have heard it all before
And I don't want to talk anymoreDon't want to talk about it
I said, I just don't want to talk about it
Well, it is tough I have had enough
I don't want to talk about it, yeahYeah, I am tired nowOh yeahWell, I think I have hear it all before
And I think it sounds like such a bore
And I think I have said this somewhere else before
And I don't want to talk anymoreDon't want to talk about it
I said, I just don't want to talk about it
Well, it is tough I have had enough
I don't want to talk about it, yeahI don't want to talk
