

Colourless Colour

[La Roux](#)

You say it's coming but I can't see it at all
You know me well but I don't know you at all
No, I don't know you at all
It's always just on the horizon so my hopes rise and fall
You know me well but I don't know you at all
No, I don't know you at all
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be seen
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be seen
Been dreaming of blue skies, new horizons and sights for my eyes
The discovery of the unknown is something to tell the folks back home
I wanna get away to feel the sun on my skin, to feel it really sinking in
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be seen
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be seen
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be seen
Early nineties decor, it was a day for
We wanted to play but we had nothing left to play for
Colorless color once in fashion and soon to be rediscovered
