

# Moonshine Sally

## Mud

Sweet, little Moonshine Sally  
I've got your picture on my wall  
You live in Tukeloe Valley  
Beside the firewater fallAnd every night I hear you call  
From beneath the water fall  
On the night of the magic moon  
I hear you callHey, hey, hey I want to take you  
Don't want to make you  
Live with me in Tukeloe ValleyHey, hey, hey hear me calling, magic's falling  
All around Moonshine Sally  
Moonshine Sally from Tukeloe ValleyThey talk of voices in the valley  
They say that here the moon runs high  
They say they'll hear no more of Sally  
When the magic waterfall runs dryStill every night I hear you call  
From the magic waterfall  
In the night of the magic moon  
I hear you callHey, hey, hey I want to take you  
Don't want to make you  
Live with me in Tukeloe ValleyHey, hey, hey hear me calling, magic's falling  
All around Moonshine Sally  
Moonshine Sally from Tukeloe ValleySweet, little Moonshine Sally  
I've got your picture on my wall  
You live in Tukeloe Valley  
Beside the firewater fallAnd every night I hear you call  
From beneath the water fall  
On the night of the magic moon  
I hear you callHey, hey, hey I want to take you  
Don't want to make you  
Live with me in Tukeloe ValleyHey, hey, hey hear me calling, magic's falling  
All around Moonshine Sally  
Moonshine Sally from Tukeloe Valley
