

# Sleepwalking

## The Casket Girls

There will be no starting over  
It'll just be over  
The terrifying and the divine law  
(Can't find it)

This road only goes so far  
Firefly caught in a bell jar  
We all know death is a big black dog

But I'm not afraid to die  
I'm willing to go before my time  
You won't see me sleepwalking (sleepwalking)  
I'm not afraid of death  
Maybe I'll finally catch my breath  
You won't find me sleepwalking (sleepwalking)

Sleeptalking won't get you nowhere  
No devil's deal's gonna end fair  
No angel on your shoulder's gonna save you now  
(Can't find it)

Last night I dreamt I was homo  
No fingerprint no hand to hold  
I woke up, cold to the bone

But I'm not afraid to die  
I'm willing to go before my time  
You won't see me sleepwalking (sleepwalking)  
I'm not afraid of death  
Maybe I'll finally catch my breath  
You won't find me sleepwalking (sleepwalking)

I'm not afraid of death  
Maybe I'll finally catch my breath  
You won't find me sleepwalking (sleepwalking)
