I'm In Love

Mary J Blige

La la la la la
La la la la la
Feeling you, there is nothing I wont doWhen I reach and touch your hand
Sweet melodies began
Feeling you, there is nothing that I wont doIm in love, yeah, Im in love
Love with you, love with you
Im in love, yeah
Now the sun will shine for me and you
Bring a brighter dayWhen I reach and touch your hand yeah
La la la la la
Feeling you, there is nothing I wont doLa la la la la la la la la la
La la la la la la la oh, oh yeahIm in love with you
Im in love with you, hey baby
Im in love with you
Im in loveLove with you, love with you, Im in love, yeah
Now the sun will shine for me and you
Bring a brighter dayWhen I reach and touch your hand
Oh, sweet things in me, oh, in my heart
In my heart, in my heartLa la la la la la la la la laIm in love with you
Im in love with you, hey baby
Im in love with you
Im in loveI am in love
Now the sun will shine for me and you
Bring a brighter dayIm in love with you
Im in love with you, hey baby
Im in love with you
Im in loveI am in love
Now the sun will shine for me and you
To make this sweetLa la la la la la
La la la la la la la la
Im in love, Im in love, Im in love with you, babyIm in love with you
Im in love with you, hey baby
Im in love with youNow the sun will shine for me and you
I never dreamed this would come true
But I love you
I love you, I love you I love youIm in love with you, baby
I'm in love
Never felt nothing like this before
Only you can open the door
