

20,000 Seconds

K's Choice

Twenty thousand seconds since you've left and I'm still countin'
And twenty thousand reasons to get up
Get somethin' done, but I'm still waitin'
Is someone kind enough to pick me up and give me food
Assure me that the world is good
But you should be here, you should be here How colors can change and even the texture of the rain!
And what's that ugly little stain on the bathroom floor
I'd rather not deal with that right now
I'd rather be floatin' in space somewhere or
Worry about the ozone layer And it's almost like a corny movie scene
But I'm out of frame and the lighting's bad
And the music has no theme
And we're all so strong when nothing's wrong
And the world is at our feet
But how small we are when our love is far away
And all you need is you
