

# I Want You

Anthony Callea

Oh yeah

The magic's there, it's never felt so right  
There's nothing better than you by my side  
How did I find yo, sometimes fate is so kind  
Two hearts connected, we are intertwined

Subconscious minds

Displaying omens

Just waiting for a sign[Chorus:]

I want you

That's all I know

So hold me close

And don't let go

I want you

That's all I know

So hold me close

Don't ever let go

I want youLet's make it special, make it last all night

Stay in this moment till the morning light

Don't have to worry, no such thing as time

I'll give you kisses that are so sublime

Subconscious minds

Displaying omens

Just waiting for a sign[Chorus]Well I found out the best things in life are free

And I find out you can like out a dream

I want to tell you that you're all I need and more[Chorus]
