Wait for You

Stryper

You go left
I head in the right direction
I go up
You go downI take my time
You rush every situation
I go straight
You go aroundBut Ill wait for You
Oh, Ill wait for You
Yes, Ill wait for You
Oh, Ill wait for YouIm awake
Youre tired and You feel like sleeping
When Youre cold
Im on fire, yeahYou repeat yourself
I say it once, and its the one Im keeping
You go low
And I go highOh, Ill wait for You
Yes, Ill wait for You
Yes, Ill wait for You
Oh, Ill wait for You
Yeah, yeah, yeah, yeah, yeah, Ill waitOh, Ill wait for You
Yes, Ill wait for You
Yes, Ill wait for You
Oh, Ill wait for YouAnd Ill wait
Oh, Ill wait for You
Oh, Ill wait for You
