

With You

Mariah Carey

[Intro]

Uh huh

Yeah, yeah, yeah, ooh

With you

With you, you, you

With you, you, you

With you, you, you

Mustard on that beat, ho[Verse 1]

It was all so overwhelming

She was like I don't know, don't tell me

He had eyes that said girl, I'll save you

She had doubts, like they might not make it

So they both held tight to face it

They wrote vows, she was bound to take 'em

She was full of such trepidation

There in front of the whole damn nation

[Pre-Chorus]

It was war, can't predict the comin' storm

Promise that you'll keep me warm

I don't wanna play this role

He said yo, I've been lovin' you so long

Ever since that Bone Thugs song

You ain't gotta break down, you're too strong[Chorus]

Ooh, shots of Remy

Playing Confessions, and our bodies blendin'

Ooh, I'm in love, it's true

Yeah, damn I fucks with you

And we all make mistakes sometimes

But we muddle through

I don't know what I'm s'posed to do (boy)

Oh baby, I'm in love, it's true

With you, you, you

With you, you, you

With you, you, you

Baby, I'm in love, it's true

[Verse 2]

Waves were breakin' on the shore

As we were sneakin' through that door

Had to leave by half past 4

Still I yearned to touch you more and more[Pre-Chorus]
It was war, can't predict the comin' storm
Promise that you'll keep me warm
I don't wanna play this role
He said yo, I've been lovin' you so long
Ever since that Bone Thugs song
You ain't gotta break down, you're too strong[Chorus]
Ooh, shots of Remy
Playing Confessions, and our bodies blandin'
Ooh, I'm in love, it's true
Yeah, damn I fucks with you
And we all make mistakes sometimes
But we muddle through
I don't know what I'm s'posed to do boy
Oh baby, I'm in love, it's trueAnd ooh, shots of Remy
Playing Confessions, and our bodies blandin'
Ooh, I'm in love, it's true
Yeah, damn I fucks with you
And we all make mistakes sometimes
But we muddle through
I don't know what I'm supposed to do boy
Oh baby, I'm in love, it's true
With you, you, you (with you, with you, with you)
With you, you, you (oh yeah)
With you, you, you (oh yeah)
Oh baby, I'm in love, it's true
