Something for Kate

i will listen to you
but i'll only hear the good news
i will hear you (x3)
i will share your tunnel vision
on one condition
wait with me
waiting is the worst
towards anything is better
i want to be moving
untouchable
there's nothing we can do or say
but watch it move a little further away
further away (x2)
through those thick black frames i can tell you're paranoid
and the paranoid must stick together
airtight isn't good enough
yesterday isn't soon enough
soon enough (x3)
for you
waiting is the worst
worse than sleeping in a room full of boxes
with no view of the full moon
and all those things you took
turned out to be useless
watch them fade away (x3)
this intersecting
where have you been?
what have you been doing? (x3)
doing (x2)
what have you been doing? (x2)
i wouldn't leave it up to fate
i'd keep it hidden in a box
under my bed
out of your sight
out of your hands (x2)
waiting
waiting is the worst
towards anything is better
i want to be moving

be moving (x2)
all those things you took
turned out to be useless
watch them fade away (x2)
watch them fade (x2)
watch them fade away (x lots)
this intersecting
where have you been?
and what you have you been doing?
what have you been doing?
an intersection in the middle of nowhere
i'll see you there
