

# Hypnotised

## Coldplay

[Verse 1]

Been rusting in the rubble  
Running to a faint  
Need a brand new coat of paint  
Found myself in trouble  
Thinking about what ain't  
Never gonna be a saint  
Saying float like an eagle  
Fall like the rain  
Pouring in to put out the pain  
Oh again and again[Chorus]  
Now I'm hyp, hypnotised  
Yeah I trip, when I look in your eyes  
Oh I'm hyp, hypnotized  
Yeah I slip and I'm mesmerised[Verse 2]  
It's easy to be lethal  
I'm learning from the news  
It's a guidebook for the blues  
Saying it's the very same steeple  
People want to chose  
They just see it from different views  
And threading the needle  
Fixing my flame  
Oh now I'm moved to exclaim  
Oh again, and again[Chorus]  
Now I'm hyp, hypnotised  
Yeah I trip, when I look in your eyes  
Oh I'm hyp, hypnotized  
Yeah I slip and I'm mesmerised
