Five-hundred Days

Aj Rafael

started off grand then ended in ruins
thought you were the one you never knew what we were doin'
you didnt know when to stop all of your games
and you left me here, left me without any shameso the truth came out you couldnt promise me the love that i was pouring out for you
and when you went away
couldn't get you out of my mind oh i
was broken down for you500 days i know it wasn't the best but i won't ever forget no i won't ever forget
500 days i know it wasn't the best but i won't ever regret no i won't ever forget youi gotta be frank-- i can't imagine me with anyone other than you
had me feelin like my dreams came trueyou made me feel good
like no one else existed
like summer was here everyday of the year
now its just my wishful thinkinso the truth came out you promised someone else the love that i was pouring out for you
when you went away
couldn't get you out of my mind oh i
was broken down for youthere is a light and it never goes out
and there is a promise and i don't mean to scream and shout
but there is a fog and it's blocking that light
gotta let you go, no use in fighting this fight
