

Big Noise Transmission (Tim Burgess Remix)

Gary Numan

Did I ever tell you what happened before?
I was walking in the shadow of my death
Did I ever tell you what happened before?
I was hiding from the big lie
Did I ever tell you what happened before?
I was followed by the vision of my god
Did I ever tell you what happened before?
I was hiding in a dead soul Come on little fucker can you let me out
Come on little fucker can you let me out
Come on little fucker can you let me out
Come on little fucker can you let me out Captured underground, big noise transmission
Captured underground, my big noise transmission
Did I ever tell this has happened before?
You've been walking in the shadow of my death
Did I ever tell this has happened before?
You've been hiding from the big lie
Did I ever tell this has happened before?
You've been following the visions of my god
Did I ever tell this has happened before?
You've been living in my dead soul Come on little fucker can you let me out
Come on little fucker can you let me out
Come on little fucker can you let me out
Come on little fucker can you let me out Captured underground, big noise transmission
Captured underground, my big noise transmission Captured underground, big noise transmission
Captured underground, my big noise transmission Captured underground, big noise transmission
Captured underground, my big noise transmission Captured underground, big noise transmission
Captured underground, my big noise transmission Captured underground, gig noise transmission
Captured underground, my big noise transmission
