

Bang Bang Bang (Live At Ocean Way Studios)

Christina Perri

All my life you know I haven't been very love strong
There's been so many fights that I fought and I never won
So I decided that I should just give up in trying to right your wrongs
And word on the street is she did to you what you did to me. Five, four, three, two, one
Bang! Bang! Bang! Boy!
Your goin' down, down, down, boy
To the ground where you left my heart to bleed
Bang! she shot you.
Karma tastes so
Bang! Bang! Bang! Boy!
Your goin' down, down, down, boy
To the ground where you left my heart to bleed
Bang! she shot you.
Karma tastes so sweet So unfortunately for girls like me there are more like you
Bending and breaking the rules that we're making exceptions too But how does it feel!
To swim in your own tears!
You lied and you lied
And I died and I died
And now you know why
