

Breathless

Lifer

5, 4, 3, 2, 1, 0

Offended by my obscenity
Mouthful of soap cleansing me
Asking for a little empathy
Mouth is stained, please let me

Breathe

Don't breathe

Don't breathe

I can't breathe

Breathe

Don't breathe

Don't breathe

I can't breathe

I am suffocating

I am suffocating

I am suffocating

I am so frustrated

Drowning in my insecurity
I am on my hands and knees
Begging for a little sympathy
Begging you to help me

Breathe

Don't breathe

Don't breathe

I can't breathe

Breathe

Don't breathe

Don't breathe

I can't breathe

I am suffocating

I am suffocating

I am suffocating

I am so frustrated
