Lose My Number

Hedley

Like the time we spent most everyday
And the plans we make to runaway
You and I had a dream
It was us against them back then
Now I still recall our first big fight
When you bailed me out of jail that night
You and I had a dream
It was us against them back then
So can I be any stronger
If tonight goes any longer
Cause I will not just wait around for you
To break my heart and run away
If there's nothing I cant say
To make you stay with me
So don't forget to just lose my number
Nothing matters
So aside from the pain
This is all you get
And for me to believe I could just forget
You and I had a dream
It was us against them back then
So can I be any stronger
If tonight goes any longer
Cause I will not just wait around for you
To break my heart and run away

If there's nothing I cant say
To make you stay with me
So don't forget to just lose my number
Nothing matters
And this is all that I can do
To stay away from you
So don't forget to lose my number
Nothing matters
And I never thought it would be you
To tear my god damn heart into two
If there's nothing I cant say
To make you stay with me
So don't forget to lose my number

Nothing matters
And this is all I can do
To stay away from you
So don't forget to lose my number
Nothing matters
(Lose my number, nothing matters)
Nothing matters
(Don't forget to lose my number, nothing matters)
Nothing matters
(Don't forget to lose my number, nothing matters)
Nothing matters
(Don't forget to lose my number, nothing matters)
Lose my number, nothing matters
