

# Life Is A Highway

Chris LeDoux

Life's like a road that you travel on  
When there's one day here and the next day gone  
    Sometimes you bend, sometimes you stand  
    Sometimes you turn your back to the wind  
There's a world outside every darkened door  
    Where blues won't haunt you anymore  
    Where the brave are free and lovers soar  
    Come ride with me to the distant shore  
We won't hesitate, break down the garden gate  
    There's not much time left today[Chorus]  
        Life is a highway  
        I want to ride it all night long  
        If you're going my way  
I want to drive it all night longThrough all these cities and all these towns  
    It's in my blood and it's all around  
    I love you now like I loved you then  
This is the road and these are the hands  
    From Tennessee to those LA nights  
    The San Antone' to Vegas lights  
    Knock me down get back up again  
You're in my blood I'm not a lonely manThere's no load I can't hold  
    Road so rough, this I know  
    I'll be there when the light comes in  
Tell 'em we're survivors[Chorus: x2]There was a distance between you and I  
    A misunderstanding once but now  
We look it in the eyeThere's no load I can't hold  
    Road so rough this I know  
    I'll be there when the light comes in  
Tell 'em we're survivors[Chorus: x3]
