

Not Another Love Song

[Deana Carter](#)

I can't help but wonder how this fire keeps going out
Even when we try to keep it burning
It's hard to let you go and that's because I know
Holding on is worth a little hurting
So I don't wanna write a love song, not another love song
I cannot take another painful melody
I don't wanna write a love song, not another love song
Until I know you're coming back to me
I wish that you could stay, I wish it everyday
Even though our love is slowly dying
What's a heart supposed to do when wishes don't come true
It hurts so much it's hard to keep on trying
So I don't wanna write a love song, not another love song
I cannot take another painful melody
I don't wanna write a love song, not another love song
Until I know you're coming back to me
I don't wanna write a love song, not another love song
I cannot take another painful melody
I don't wanna write a love song, not another love song
Until I know you're coming back to me
I don't wanna write a love song
I don't wanna write a love song
