

# The Old Apartment (demo)

## Barenaked Ladies

[Verse 1]

Broke into the old apartment  
This is where we used to live  
Broken windows, broke and hungry  
Broken hearts and broken bones  
This is where we used to live[Chorus]  
Why did you paint the walls?  
Why did you paint the floors?  
Why did you plaster over the hole I made in the door?

Where we used to live[Verse 2]

Why did you steal the dish rack?  
Why did you steal the mousetrap?  
These things used to be mine  
I guess they still are, I want them back[Verse 3]

Broke into the old apartment  
This is where we used to live  
Broken glass, broke and hungry  
Broken hearts and broken bones  
This is where we used to live[Outro]  
Broke into the old apartment
