Kill Me In A Record Shop

Boys Like Girls

Your kiss, your kiss will be the ultimate
Your kiss, your kiss
You walked in
Indie rock used to be dirty pop
Could you be everything;
My rise and my fall?
Rescue me, 9 to 5
40 fires in your eyes
I don't care what you buy
Just don't you go
No need to leave the light on
There's no one here tonight
Only you and I
Kill me in a record shop now
One shot and you took me down
I could feel it when the arrow hit
You sunk me with your deadly lips
Your kiss, your kiss will be the ultimate
Your kiss, your kiss
I can't get over it
Now, spin me 'round the record shop
Look at you, the record stops
Will you run, or flirt 'til it hurts?
Dance with me, with your eyes
As you scream through the aisles
Bury me a 12 inch grave
And don't you go
No need to leave the light on
There's no one here tonight
Only you and I

Kill me in a record shop now
One shot and you took me down
I could feel it when the arrow hit
You sunk me with your deadly lips
Your kiss, your kiss will be the ultimate
Your kiss, your kiss
I can't get over it
Tonight, tonight

Don't leave me tonight
Reach for me, just one time
As the sun sets behind
Don't say goodbye, goodbye
Don't say goodbye
Kill me in a record shop now
One shot and you took me down
I could feel it when the arrow hit
You sunk me with your deadly lips
Your kiss, your kiss will be the ultimate
Your kiss, your kiss
I can't get over it
Kill me in a record shop now
One shot and you took me down
I could feel it when the arrow hit
You sunk me with your deadly lips
Your kiss, your kiss will be the ultimate
Your kiss, your kiss
I can't get over it
Your kiss, your kiss will be the ultimate
Your kiss, your kiss
I can't get over it
