Sunburnt Lips

Luke Bryan

(Verse 1)
Back again in the back of this pasture
Sweatin bad in the cab of this tractor
Oughta be worried about the rain
The last hundred rows coulda been a little straighter
Guess I'll be hittin them again later
I can turn this red dirt all day, yeahhhh
Dreamin about(Chorus)
Sunburnt lips on me
All summer long, we
Were tangled up in a blanket on the sand
In the moonlight watchin that tide roll in
Her skin, on mine
The only thing I got on my mind
Is a two piece memory
Of her and me
Layin on the beach and her sunburnt lips on me
Her sunburnt lips(Verse 2)
Behind the dust is a big ole blue sky
Kind of reminds me of those blue eyes
Smilin back at me
I slide up a gear and go a little faster
Just a little breeze and I'm right back there
And I can almost feel her(Chorus)
Sunburnt lips on me
All summer long, we
Were tangled up in a blanket on the sand
In the moonlight watchin that tide roll in
Her skin, on mine
The only thing I got on my mind
Is a two piece memory
Of her and me
Layin on the beach and her sunburnt lips on me
Her sunburnt lipsOhh, sunburnt lips
Sunburnt lips, sunburnt lips, sunburnt lips on me
All summer long, we
Were tangled up in a blanket on the sand
In the moonlight watchin that tide roll in
Her skin on mine

The only thing I got on my mind
Is a two piece memory
Of her and me
Layin on the beach and one sweet, sweet memory
Of layin on the beach with her
Sunburnt lips on me
Her sunburnt lips
Sunburnt lips on me
Her sunburnt lips
