Execution Song

Blyth Power

I'm not your baby
No more
'Cause I let you go with none
Let you go with no score
Well I'm not a baby
No more
With eyes full of sun, I'll feed
My love you get bored

I get around
Except don't wanna spend my
Time on you my love
Fucking get rid of this heartache
Again

There won't be no maybes'
No more
With eyes full of sun, I'll feed
My love you get bored and I'll
Have my baby now fucking
D-chord, will beat it out of me'
I'll feed my love you get bored

I get around.

Bye bye bye, why can't you die stop
Living in my mind, cause every time
I see a way to brake myself
Free from you, stick in my head like glue
