

# Are You Experiencing?

**Rich Aucoin**

This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
When you know, with a flower in your hair  
(This heart is not done)  
Look around, there's colour everywhere  
(This heart is not done)  
??  
(This heart is not done)  
Hold your breath, it's always just begun  
(This heart is not done) This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
This heart is all that keeps us up  
This heart is beating  
When you give it all up, then you get it back  
When you give it all up, then you get it  
When you give it all up, then you get it back  
When you give it all up, then you get it  
When you give it all up, then you get it back  
When you give it all up, then you get it
