

200 Years

Dry Kill Logic

Chorus: I'm of the opinion/
That it's all or nothing-
when the chance comes
Will you be there? / Never surrender/
will you give up will you
Your life has been to do this
the same, when you're 200
give in when it all falls away? /
than NOTHING/ NOTHING/ all
for this/ and I feel that's stronger
/ I've been the one forgotten/
I've been the one uncertain/
years forgotten/ will you rise above them all?
When all the plans had failed/
when all the rest had bailed/
The rest will come and go I/
If I am what they say/
Will be the one that/ Stays! Stays! Stays! X2
You've wondered for the last time/Second verse variation at ending :
Will be the one that/ 200 years forgotten/
The rest will come and go I/
200 years forgotten/
will you rise above them all? /
will you have suffered the fall?
