Interstate Love Affair

Night Ranger

Let's go
Oh yeah
Head out on the highway
Where there's room to move
I'm a fast boy in a bad car
I got it all, I've got nothing to lose
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
We'll run with our passions
We'll race with our eyes
Can't catch me, try to hold me
I get it all out of one single mile
Interstate love affair
Interstate love affair
Interstate love affair

Interstate love affair
Head out on the highway
Where there's room to move
I'm a fast blazing road star
Got it all, I've got nothing to lose
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
Interstate love affair
