

The Warning (Feat. Idris Elba)

Pharoahe Monch

This is Lieutenant Gaviston of Bravo Command second division, thirteenth brigade.

While on a recon mission in Kabul, Afghanistan,

I have discovered classified information

That changes everything that I believe about this WAR.

I'm gonna upload this information of great importance to Horus,

A military satellite,

Which has the technology to transmit information through time.

If you are hearing this,

You have been genetically predisposed to receive this information.

What you are hearing is a warning.
