Now You See Her

Crash Test Dummies

Her sugar lips, her chinney-chin-chin
Ooh la-la - Where has she been?
Her silvery voice, her sweet perfume
The light she brings into the room
Her sunny smile when she walks the walk
Hey evil eye, her crazy talk
Her simple face, her pretty head
Her fickle heart
Her someone else insteadYou'll never catch her
But you can watch her run
Sometimes you get closer
But now you see her, now you don't
Now you see her, now you don't
You'll never match her
But you can have some fun
Maybe you'll get to hold her
But now you see her, now you don't
Now you see her, now you don'tHer shiny hair, those lacy things
Ooh la-la - Where has she been?
The music plays, she's asked to dance
But sadly, no he missed his chance
The times she's had, the men she's known
Still she prefers to be alone
Hey empty room, her lonely bed
Her fickle heart, her someone else insteadYou'll never catch her
But you can watch her run
Sometimes you get closer
But now you see her, now you don't
Now you see her, now you don't
You'll never match her
But you can have some fun
Maybe you'll get to hold her
But now you see her, now you don't
Now you see her, now you don't
