For Anyone

Beady Eye

For anyone who knows
For anyone who's been
Forever in my heart
I'll see you in my dreamsFor anyone who loves
For anyone who feels
I'm never giving up
Until the dream is realI know it's gonna be alright
Forever I'll be by your sideFor anyone who knows
For anyone who's been
Forever in my heart
I'll see you in my dreamsI know it's gonna be alright
Forever I'll be by your side
I know it's gonna be alright
Forever I'll be by your sideFor everyone who loves
For everyone who feels
I'm never giving up
Until the dream is realUntil the dream is real
Until the dream is real
Until the dream is real
