

The World Is Mine

Hooverphonic

Inhale the joy, Inhale the fun
Now its time for me to get on top
Of the world Inhale the music and the warmth
The crowd is ready to bring me to the top
Of the world 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine Im part of this illusive show
Time for me to get on stage
Lights fade Tomorrow youll be at my feet
Saturated senses set me free
Its all I need 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine The world, the world is mine
I wont stop this time
The world, the world is mine
I wont stop this time 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine 'Cause the world is mine
I wont stop this time
'Cause the world is mine
And Im feelin' so divine
