The World Is Mine

Hooverphonic

Inhale the joy, Inhale the fun Now its time for me to get on top Of the worldInhale the music and the warmth The crowd is ready to bring me to the top Of the world'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divineIm part of this illusive show Time for me to get on stage Lights fadeTomorrow youll be at my feet Saturated senses set me free Its all I need'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divineThe world, the world is mine I wont stop this time The world, the world is mine I wont stop this time'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divine'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divine'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divine'Cause the world is mine I wont stop this time 'Cause the world is mine And Im feelin' so divine
