

# Die for Me

Criss Angel

Send Criss Angel Ringtones to your Cell  
Twenty one years of my life to go  
Have I lost myself to someone else?  
Truth, lie, to live or die  
Makes no difference if your never gonna try.  
I know I'll die for you  
Feed off my sorrow  
[Criss whispers]: If you want me too  
I know I'll die for you  
Bleed for tomorrow  
[Criss whispers]: If you want me too  
Will you die for me?  
But, will you die for me? See me standing, so fucking cool  
Wish you would be like me - a fool  
Truth, lie, to live or die  
Makes no difference your never gonna fuckin' try. I know I'll die for you  
Feed off my sorrow  
[Criss whispers]: If you want me too  
I know I'll die for you  
Bleed for tomorrow  
[Criss whispers]: If you want me too  
I know I'll die for you  
Feed off my sorrow  
[Criss whispers]: If you want me too, If you want me too  
I know I'll die for you  
[Criss speaks]: Can you feel it, can you see it? If you want me too  
Bleed for tomorrow  
Will you die for me?  
But, will you die for me? [Criss softly speaks]: I want you too  
I want you too  
[even softer]: I want you too  
I want you
