Say Goodnight

John Trones

The sun's still hanging in the sky
And the world is wide awake outside
And I know ther's things we need to do
But I just want to draw the blinds
Chorus:
And say goodnight
Oh won't you let me pull you into me
Go wherever all these kisses lead
Turn down the bed
Turn out the lights
And say goodnight
What's the point trying to pretend

That we don't just want to give in
Why are we holding on to this day
Let's just let it fade away
Repeat Chorus
Baby I don't want to wait
I just want to hear you say goodnight
Oh won't you let me pull you into me
Oh go wherever these kisses may lead
Turn down the bed
Turn out the lights
And say goodnight
Say good night
