Unity

Atlantic Records

There exists no force
That could ever hold us back
From the mic comes forth
The cause to counteract

There exists no force
That could ever hold us back
Armed with intention
Unified expression
Together weâ€™re stepping forward

Collective in vision uplifting
Side by side allied not competition
Unity creates steps to propel
The mass who excel through walls keeping them down oh

So all my soldiers put your hands up
Who be the soul rebels coming with the cause
Fusing gaps bridging the journey
Tou rourou Taku rourou
Kia ora e te iwi

Galvanised marching forward
Community powerful
Invincible this entity pure strength exhumed through unity
So donâ€™t worry about a thing cause every little thing is going to be alright
My people letâ€™s unite

The movements coming get on board or jump ship
We ainâ€™t going no where if the force ainâ€™t equipped
So hereâ€™s what we gone do, let our powers combine
Generate the voltron effect components intertwine
Barriers fall, similar to riot squads
Limitless exploration we roam, gather resource
Reaching above and beyond, given the chance we form
A greater alliance more capable to perform
Against the hate we decrease and disconnected energies
Disinfecting all threats of dislocating our peace
It donâ€™t matter your complexion or even what section

As long as weâ€™re moving in a positive direction

[Chorus:]

There exists no force
That could ever hold us back
From the mic comes forth
The cause to counteract

There exists no force
That could ever hold us back
Armed with intention
Unified expression
Together weâ€™re stepping forward

The question remains 'are you on board the bus?'
We take pride in evry step like the million man march
when its time to
unite Im positive you will know send the message down the pipe and let other people know
we coming to sever humanities undying thrist
For destruction our conjunction will resemble cloudburst
I speak the spoken words dilated peoples rehearse
When worst comes to worst my tangata come first

I said friction buries our people, disjointed we gather dust
No vision to excel, Randomness is killing our thrust
Or should I say drive, Merging the gaps within our armour
Only together is power possessed as reflection of mana

Woyooo

[Chorus:]

There exists no force
That could ever hold us back
From the mic comes forth
The cause to counteract

There exists no force
That could ever hold us back
Armed with intention
Unified expression
Together weâ€™re stepping forward

Gee was born on one of the 12 brothers
His birth name was given Simeon

For many of my years his life remained anonymous
Taurus the stubborn bull of May who led the way
Lead me astray but still I rise to face the day
Together everyone achieves more back to back shoulder to shoulder the ultimate force
United as one we stand together heads high
As we row this waka in time and stand unified

Together we stepping forth no one can hold us back
We like the fantastic fobs on a positive attack
On a quest to excel past the negativity
We gonna shine in unity

So go on (forever)
Let me see you hold on (together)
As 1 mind, body and soul
Head strong
Nesian be letting you know

[Chorus:]

There exists no force
That could ever hold us back
From the mic comes forth
The cause to counteract

There exists no force
That could ever hold us back
Armed with intention
Unified expression
Together weâ€™re stepping forward
