

# Stupid

**Dolores O' Riordan**

I cannot erase this memory  
Something that is trapped inside of meStupid, stupid  
    Stay here for a while  
    Sit down beside me  
Oh, stay here for a whileSave me a love song  
    Save me a song  
    Save me a love song  
Save me a songSomething that I'm holding in my hand  
    Something I will never understand  
    Do you live your life to be in love?  
I can hear you calling from aboveStupid, stupid  
    Stay here for a while  
    Sit down beside me  
Oh, stay here for a whileStupid, it's stupid  
    Just stay here for a while  
    Sit down beside me  
Oh, stay here for a whileSave me a love song  
    Save me a song  
    Save me a love song  
Save me a songCannot erase this memory  
    Erase this memory  
    Erase this memoryStupid, stupid  
    Stay here for a while  
    Sit down beside me  
Oh, stay here for a whileStupid, it's stupid  
    Just stay here for a while  
    Sit down beside me  
Oh, stay here for a whileSave me a love song  
    Save me a song  
    Save me a love song  
    Save me a song
