I Got U

Duke Dumont

Ask me what I did with my life
I spent it with you
If I lose my fame and fortune
Really don't matter
As long as I got you, babyClap your hands, drop so right
Clap your hands, drop so right
Clap your hands, drop so right
As long as I got you, baby
Clap your hands, drop so right
Clap your hands, drop so right
Clap your hands, drop so right
As long as I got youAsk me what I did with my life
I spent it with you
If I lose my fame and fortune
Really don't matter
As long as I got you, babyClap your hands, drop so right
Clap your hands, drop so right
Clap your hands, drop so right
As long as I got you, baby
Clap your hands, drop so right
Clap your hands, drop so right
Clap your hands, drop so right
As long as I got youAs the years, they pass us by
We stay on to each other
And no matter ? its OK
As long as I got you, babyClap your hands, drop so right
As long as I got you, baby
Clap your hands, drop so right
As long as I got you, baby
Clap your hands, drop so right
As long as I got you, baby
Clap your hands, drop so right
As long as I got you, baby
As long as I got you
As long as I got you
As long as I got you
As long as I got you
As long as I got you
