Just Call My Name (i'll Be There)

Blackmore's Night

I'll be there, close your eyes and you'll see me
Just call my name (some versions)
So many nights I sat here waiting
There were times I couldn't go on
Still my heart was anticipating
It made me be strong, made me hold on
There were some callin' me crazy
I've been accused of bein' naive
But I don't need no one to save me
'Cause I've got you, you make me believe
I'll be there in the night when you need me
Just call my name
I'll be there, close your eyes and you'll see me
Just call my name
I don't need to know the answers
I don't want to understand
We were born to take the chances
I know the truth when you hold my hand
I'll be there in the night when you need me
Just call my name

I'll be there, close your eyes and you'll see me
Just call my name
I had waited a lifetime, lost on the open sea
Prayin' for an angel to be sent to me, so come to me
Now the night don't last forever
Every moment is a song
'Cause we face the night together
Somethin' this right can never be wrong
I'll be there in the night when you need me
Just call my name
I'll be there close your eyes and you'll see me
Just call my name
I'll be there in the night when you need me
Just call my name
I'll be there, close your eyes and you'll see me
Just call my name
I'll be there, just call my name
I'll be there, just call my name

I'll be there, just call my name
I'll be there, just call my name
