

Roll River Roll (Acoustic Version)

[Richard Hawley](#)

Roll river, keep on rolling
Ancient lady cold
I'm forsaken, lost and forgotten
Roll river rollRoll river, roll river rollLet it take me, free and unchain me
Ancient lady cold
Keep on rolling, roll on forever
Hope we shall meet at homeRoll river, roll river rollYou hold my body, lost and forsaken
In your deep waters cold
Oh, sacred river take me to my sweetheart
My lonely bonesWill she remember?
Oh, river take me on my journey home
Deep dark waters to learn your secrets
River angel riseRoll river, roll river roll
Roll river, roll over my bones
