

April Suzanne

Robert Lester Folsom

April Suzanne
I've often dreamed of you
And all those things we've planned
April Suzanne
My dreams have made me blue, and I don't understand[Chorus]
Waiting for a sunny day to dry away my tears
Wishing that your love could stay
For twenty-million years
April Suzanne
You're just the gentle kind to play the gentle part
April Suzanne
You linger on my mind and in my broken heart
Waiting for a sunny day to dry away my tears
Wishing that your love could stay
For twenty-million years
April Suzanne
I've often dreamed of you
And all those things we've planned
April Suzanne
My dreams have made me blue, and I don't understand
Waiting for a sunny day to dry away my tears
Wishing that your love could stay
For twenty-million years*Quietly, in background*
