

Doomsday Jesus (feat. Zakk Wylde)

Black Label Society

Kill your past and all you thought you knew
Blacked out, hatred running through and through
Horsemen rolls, tomorrow's fading fast
Make damn sure, aint nothings gonna lastOhhh

Ohhh

Doomsday jesus we need you now

Ooh

Ooh

Doomsday jesus we need you nowSouls that bleed have nowhere left to run

Blind the crucifix and shoot the gun

Generals speak, we leave a trail of dead

Keep on killing 'til theres nothing leftOhhh

Ohhh

Doomsday jesus we need you now

Ooh

Ooh

Doomsday jesus we need you now
