

Little Works of Art

Television Personalities

I love the photographs you take
The pretty dresses that you make
You know I loved you from the start
I love you and your little works of art
I love the way you turn me on
You know just where I'm coming from
I've got your name tattooed om my heart
I love you and your little works of art
I worry about you all of the time
If you're feeling sad or doing fine
I was daft about you from the start
I love you and your little works of art
